ORDER NO.

2017-670

THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.

SUBJECT:

DOCKET NO. 2017-277-E - South Carolina Electric & Gas Company – Request for "Like Facility" Determinations Pursuant to S.C. Code Ann. § 58-33-110(1) - Staff Presents for Commission Consideration South Carolina Electric & Gas Company's Request for "Like Facility" Determinations Pursuant to S.C. Code Ann. § 58-33-110(1).

COMMISSION ACTION:

The information provided in the original filing of this docket does not make it clear that the new Fold-In Line is a replacement for the current 230 kV line feeding the Hopkins Substation, as required by 58-33-110(1). In Docket No. 2014-247-E (Order No. 2014-633) it was apparent to the Commission that the new facility was a replacement for an existing facility which was removed from service.

Move to hold in abeyance pending SCE&G providing additional information regarding how this is a "replacement of an existing facility." Further, request the company provide information regarding whether it considered other alternatives to complying with FERC's reliability standards.
